

# CERTIFICATE OF COMPLIANCE

**Certificate Number** UL-US-L338195-12-82114102-4  
**Report Reference** E338195-20141128  
**Date** 17-Jul-2023

**Issued to:** CHONGQING PINGWEI ENTERPRISE CO LTD  
LiangPing Industrial Area LiangPing District  
ChongQing, Chongqing Shi 405200  
China

**This is to certify that representative samples of** QQX2 - Electrically Isolated Semiconductor Devices - Component  
See Addendum Page for Product Designation(s).

Have been evaluated by UL in accordance with the component requirements in the Standard(s) indicated on this Certificate. UL Recognized components are incomplete in certain constructional features or restricted in performance capabilities and are intended for installation in complete equipment submitted for investigation to UL LLC.

**Standard(s) for Safety:** UL 1557, 6th Ed., Issue Date: 2018-03-19

**Additional Information:** See the UL Online Certifications Directory at <https://iq.ulprospector.com> for additional information

This Certificate of Compliance indicates that representative samples of the product described in the certification report have met the requirements for UL certification. It does not provide authorization to apply the UL Recognized Component Mark. Only the Authorization Page that references the Follow-Up Services Procedure for ongoing surveillance provides authorization to apply the UL Mark.

Only those products bearing the UL Recognized Component Mark should be considered as being UL Certified and covered under UL's Follow-Up Services.

Look for the UL Recognized Component Mark on the product.

  
Deborah Jennings-Conner, VP Regulatory Services

UL LLC

Any information and documentation involving UL Mark services are provided on behalf of UL LLC (UL) or any authorized licensee of UL. For questions, please contact a local UL Customer Service Representative at <http://ul.com/aboutul/locations/>

# CERTIFICATE OF COMPLIANCE

**Certificate Number** UL-US-L338195-12-82114102-4  
**Report Reference** E338195-20141128  
**Date** 17-Jul-2023

This is to certify that representative samples of the product as specified on this certificate were tested according to the current UL requirements

Model	Category Description
